The best under the sun

markilux 1600
This awning won the IF product design award for its harmonious, semi-circular design. And it looks unique when it's fully extended, too. As a semi-cassette awning, the markilux 1600 is open underneath. The top cover profile adapts itself to the angle of pitch of the awning and closes completely flush with the front profile when retracted, which protects the cover safely from rain. Take a look around your neighbourhood: your awning is probably the most beautiful far and wide.

Semi-cassette awning
max. 710 × 400 cm

Arm technology
twin steel-link chain,
optionally with Bionic tendon

Options
LED Line in the folding arms,
LED Spots in the front profile,
end caps in polished chrome,
