The best under the sun

markilux construct

Situations can arise in which a standard model is not enough to meet your particular requirements. In situations like these, bespoke solutions are required. The awning system markilux construct is extremely versatile and flexible. Different modules can be combined with different awning systems to create a veritable awning landscape. You don't have to compromise when it comes to size. You can choose between round and square posts and the range of available accessories is impressive. Describing the markilux construct is all but impossible – you simply have to experience it.

Awning system

almost unlimited thanks to the modular and flexible frame system

Options

depending on the awning model, vertical roller blinds, wind protection and extra privacy, panorama windows, round or square posts, lighting, base plate covers

Designer awnings to your own exact specification

Different conservatory and folding-arm awnings are possible and can be combined with vertical roller blinds or side screens according to your precise wishes.
