**markilux syncra**

Generous shading right where you need it. That is the promise made by the markilux syncra. And one it keeps. As a single unit, it will provide shade for up to 60 m<sup>2</sup>; as a coupled awning even larger areas are no problem. This free-standing awning stand system literally stands on its own two feet: two round or square posts and a massive cross-beam ensure reliable stability. Depending on the requirements, one or two folding-arm awnings or markilux pergolas can be attached to it. This awning system is either firmly anchored to the ground (“fix”) or installed using ballast boxes (“flex”). No matter which variant you choose, you can always count on the markilux syncra.
