FIND YOUR STYLE

— THE VISION BLIND COLLECTION —

Our popular, contemporary window shade that looks as striking from the outside of the house as it does from inside. Louvolite's made to measure collection offers you the perfect range of fabrics and colours to help you to create your statement look.

FIRENZE

WALNUT

STYLE TIP

Organic tones and textures are gaining popularity in interiors and Firenze Walnut adds warmth and softness to modern lines.

VIALE

LINEN

Vision blinds are an innovative window furnishing that feature two layers of translucent and opaque horizontal striped fabric that combine to create a striking modern feel.

The back fabric moves independently of the front layer allowing the stripes to glide past each other creating an open and closed effect. This allows you to control the levels of light and privacy to suit your needs.

Natural and sumptuous tonal textures, subtle metallic shimmers and blackout fabric options make these blinds perfect for any room in the home.

A wow blind needs stunning fabric and our Vision collection offers just that.

Albero Silver

*Blockout fabric does not create a fully blackout blind, there will be lightstrike at the edge of the blind.

VISION BLINDS

— ULTIMATE CURB APPEAL —

Vision blinds combine the ideal balance of privacy and light control with the fashionable, eye-catching trend of bold stripes and colour blocking.

Rimini Cinder

LINOSO
LUNA

Argento Grey

Easy to operate, a single control is used to slide the opaque and translucent woven stripes past each other. The same operation is used to raise or lower the window blind to any height in the window with ease, in the same way as the classic roller blind.

The front layer moves independently of the back allowing the stripes to glide between each other creating an open and closed effect, with limitless light control.

Sliding the fabric into a closed 'opaque-opaque' position allows full privacy and an impressive block of beautiful fabric at your window, whilst the 'translucent-opaque' position creates a stunning striped statement.

With Vision blinds you will enjoy the very best in quality, manufacture and design, along with the practicality of a low maintenance window blind.

MODERNISE

— WITH MOTORISATION —

Opening and closing each window blind in your home manually can be quite time consuming, but with motorisation, operating your blind is quick and easy using remote control and voice activation within your home, home automation or remotely with your smart devices.

Using your wifi, the Louvolite Home Hub connects smart devices to your motors. The app, available for iOS and Android, provides additional options such as multi room control and the ability to set timers and daily schedules which is great for energy saving or so your home looks occupied even when you're not there.

Sometimes the little things are the big things and Louvolite One Touch® makes life more convenient, safe, and enjoyable.

**STYLE
TIP**

If you like classical florals as well as modern styling, 'Floreale' combines the best of both! A loose watercolour design in accents of soft blue and charcoal.

ACCESSORIES

— A LITTLE BIT OF YOU —

Give your window blinds a stylish enhancement with one of our premium co-ordinating cassettes and matching bottom bars, available in a range of metallic finishes which add a luxurious finish to your blind.

Choose from 70mm full fascia cassette in black, white and anthracite grey or 32/40mm cassette in satin, chrome, bronze, black or anthracite grey to add a little personality to your blind and also co-ordinate or contrast with your room decor.

Our colour co-ordinating bottom bars incorporate self-centralising patented technology that helps keep fabric clear from obstructions to avoid fraying.
